Standing In Your Silence

Bebo Norman

I came walking down this road
For a better point of view
I threw down my heavy load
And what I found was you
And all of time stood still, yeahCaught up in time and space
I was a soul to tread
All weary from the race
And the voices in my head
You stepped inside changed my will, yeahOh me, oh my
I'm standing in your silence
Gonna stand here for a long long time
For a long long timeWell it's cold behind the earth
For a drifting satellite
But you know for what its worth
I've been praying for daylight
So slow my eyes to seeOh it's finally breaking day
And the morning time has come
And if I am fields of green
Well honey you're the sun
So slowly rise on me, yeah yeahOh me, oh my
I am standing in your sunlight
Gonna stand here for a long long timeTake it easy, we can take it slow
I don't mind
You know the seasons they may come and go
But you're always mine
You're always mineOh me, oh my
I'm standing in your silence
Gonna stand here for a long long timeOh me, oh my
I'm standing in your silence
Gonna stand here for a long long time
For a long long time
Yeah, for a long long time
