Moto

AimÃ© Parfait

It's been five years since I stopped caring what they thought of me
I'm a messenger at heart, with a blatant personality
So you can say I'm strange or stay out of my way
Or maybe you'll listen to what I've got to say
I can't hide the things he's done for me
What is the benefit of subtlety?
If I believe a savior is the only thing they need
And I hid it between the metaphors what kind of person would I be?
Is it that important that the crowd thinks we're the best
What is the benefit in the end?
I'm just trying to show them all that there's a better way
How can I do that if i veil what I say?
No one will ever silence me!
