Dinner and a Movie

Lagwagon

Here we go again
Until one of us says when
Making old mistakes
The brake lights illuminate
Accidents repeat
You can count on me
Crushing you in vain
'Cause I will save you
You can hate me

We're so well adjusted, darling
it's pathetic justice

Find out where I breathe
Suffocate my needs
Van Gogh kept his ears
But I will love you
You won't save me

We're so well adjusted, darling
it's pathetic justice

It's already better than last time I ruined another girl's life
I am a portrait of serenity and desperate need
I'll hold you here until you cannot breathe

If I break up with you
You'll find someone new
So I'll choose misery
And I will save you
You can hate me

They'll all be disgusted, darling
it's poetic
it's pathetic justice
