

Keep on Truckin'

The Road Hammers

Some days I don't know if I'll make it by
Price of diesel's gettin' mighty high
I live on caffeine and borrowed time
Stretchin' a nickel into a dime
The G man, the T man, the highway cop
Try to slow me down but they can't make me stop
I, I keep on truckin'
(Keep on truckin')
Yeah, I keep on truckin'
(Keep on truckin')
These 18 wheels ain't stoppin' for nothin'
When the goin' gets tough I just k-k-keep on truckin'
Stopped Friday night down in Louisiane
Groovin' to the tunes of the roadhouse band
Raisin' the roof off that little bar
Sweatin' out a tune for a tip in a jar
More power to ya, if ya do what ya love
Keep pushin' back when push comes to shove
Keep on truckin'
(Keep on truckin')
Yeah, I keep on truckin'
(Keep on truckin')
Hey man, don't show down and don't stop for nothin'
When the goin' gets tough, you just k-k-keep on truckin'
I try to keep my life on the center line
The devil's always messin' with my mind
He pulls me to the left, he pulls me to the right
We end up in the ditch in a helluva fight
Well, sometimes I lose, baby, sometimes I win
I'll always end up on a highway again
And I keep on truckin'
(Keep on truckin')
Yeah, I keep on truckin'
(Keep on truckin')
When the hill gets steep and it starts to rain
I just get down and hit the hammer again
Cause I keep on truckin'
(Keep on truckin')
Yeah, you know, I keep on truckin'
(Keep on truckin')
These 18 wheels, they ain't stoppin' for nothin'
When the goin' gets tough I just k-k-keep on truckin'
(Rollin')
I'm gonna keep on truckin'
(Keep on rollin' down the road)
Yeah, rollin' again
K-k-keep on rollin'
(Keep on rollin' down the road)
Yeah, rollin'

(You got to keep on rollin')
