

You Sure Love to Ball

Marvin Gaye

Oh baby please turn yourself around
Ahh baby so I can love you good
Ohh baby baby
I'll make you feel so good
Oh sugar just like you want me to
Oh baby you sure do love to ball
Oh baby you sure do love to ball
Oh honey I hope you never freeze
I love you I love you so much
Oh baby baby don't ever go no way
Oh stay with me baby I'll love you night and day
Oh baby you sure do love to ball
Oh honey you sure do love to ball
Oh now I just love you that's all
I've got my mind made up baby
Ah there are no doubts (oh baby)
That you're my foxy lady, foxy lady
Ohh baby you sure do love to ball
Ohh sugar you sure do love to ball
All, all I know now baby
Hey baby is love you some more
Oh come on in and let me love you
Oh baby come for moreOh baby you sure love to ball
Oh baby you sure love to ballPretty little sexy baby you sure love to ball
Pretty little sexy mama you sure love to ball
Pretty little sexy baby you sure love to ball
Pretty little sexy mama you sure love to ball
Pretty little sexy baby you sure love to ball
Pretty little sexy mama you sure love to ballAll I know, I know if we had to ever part
Ahh that one day would surely break my heart
Got to get ready, got to get readyOh baby you sure love to ball
Oh baby you sure love to ballPretty little sexy baby you sure love to ball
Pretty little sexy mama you sure love to ball
Pretty little sexy baby you sure love to ball
Pretty little sexy mama you sure love to ballPretty little sexy baby you sure love to ball
Pretty little sexy mama you sure love to ball
Pretty little sexy baby you sure love to ball
You sure love to ball
Pretty little sexy baby you sure love to ball
