Hordes to War

Immortal

Gather attack while death march in the sky
Ride through the heavens with power
The hammer of battle pound hard from above
All doomed and damned in death's hourArmies' formations winged in death's sky
Storming from the other side
Apocalypse dawns at the fiery command
Above the great battle flyChaos and fire to deafening sounds
Nearing from the other side
Last march for the battling hordes
Annihilation on the riseNow proud all watch them by Nordlight we ride
Warriors with cold blazing eyes
Speeding on wind, the fierce holocaust rises
Legions of black hold the sky
Legions of black hold the skyArmies' formations winged in death's sky
Storming from the other side
Apocalypse dawns at the fiery command
Above the great battle flyChaos and fire to deafening sounds
Nearing from the other side
Last march for the battling hordes
Annihilation on the riseHordes of war come storming forth with fire and ice
Coldblooded warriors of the holocaust
Death stares out from their blinding fearless eyes
The sign of evil burns insideSmell of death now as we ride through holocaust
Burning souls fall from the sky
Across the tide of pure apocalypse
Come waving flames to burn you all, burn you allDescent from the valley bursting through all
Released now is the black burning sound
Those who oppose shall be eternally destroyed
Massacred into the ground
Massacred into the groundArmies' formations winged in death's sky
Storming from the other side
Apocalypse dawns at the fiery command
Above the great battle flyChaos and fire to deafening sounds
Nearing from the other side
Last march for the battling hordes
Annihilation on the rise
