

Psycho

Puddle of Mudd

Maybe I'm the one, maybe I'm the one
Who is the schizophrenic psycho, yeah
Maybe I'm the one, maybe I'm the one
Who is the schizophrenic psycho She lays down on the fresh lawn
She can make everything magical
But she tied one on big time
And it makes me wanna rewind To back in the days when we were young
When everything was like a loaded gun
Ready to go off at any minute
And you know we're gonna win again Yeah, you know we're gonna win again
Yeah, you know we're gonna win again Maybe I'm the one, maybe I'm the one
Who is the schizophrenic psycho, yeah
Maybe I'm the one, maybe I'm the one
Who is the paranoid psycho She lays down on the sidewalk
Never very analytical
She is something simply beautiful
Reappear when you feel magical To back in the days when we were young
When everything was like a loaded gun
Ready to go off at any minute
Yeah, you know we're gonna win again Maybe I'm the one, maybe I'm the one
Who is the schizophrenic psycho, yeah
Maybe I'm the one, maybe I'm the one
Who is the paranoid psycho You're the one, You're the one
Who is the schizophrenic psycho
You're the one, You're the one
Who is the schizophrenic psycho
You're the one, You're the one
Who is the schizophrenic psycho Back in the days when we were young
When everything was like a loaded gun
Ready to go off at any minute
And you know we're gonna win again Maybe I'm the one, maybe I'm the one
Who is the schizophrenic psycho, yeah
Maybe I'm the one, maybe I'm the one
Who is the paranoid psycho Maybe I'm the one, maybe I'm the one
Who is the schizophrenic psycho, yeah
Maybe I'm the one, maybe I'm the one
Who is the paranoid psycho You're the one, You're the one
Who is the schizophrenic psycho
