Navy In Alice

1000mods

I have a feeling
That you like getting laid
Every night and every dayAnd you don't care
What people will say
When you're doin' things in your wayTaking rides
Making love in the space
Getting filled all over your faceFeeling nothing
And you'd like to go chase
Making friends all over the placeNow I see you
And your face's getting change
But you keep doing things in your wayYou spin around
With nothing to say
Every night and every dayNo more junkies
No more wines and cheese
It's the worst if you know what I meanCome closer
I will show you the way
Getting laid at the end of the dayHave a feeling
That I'll teach you my way
You won't have something to sayI wanna love you
Till the end of the day
But we have only today
