In the Dark

Corinne Bailey Rae

Everybody sees it
I know they can feel it
Our subtle disagreements
The gesture that youâ€™re leaving
I know youâ€™re on your way
I see how you watch those planes
In the dark
In the dark

We stare into the silence
We focus on the distance
I watch the sky fall in
Anything could happen

But when the lights go out
Are we just strangers
In the dark?
Weâ€™re in the dark

Kiss me
Hold me to your body
If youâ€™ll miss me
Donâ€™t say a word
â€˜cause Iâ€™ll fall apart
Fall apart
Touch me, fold me in your arms
If you love me
Only for a minute
Iâ€™ll fall apart
Fall apart

Remember us at high school
Now everything is different
We were just children
Playing at lovers
When did it get so hard?
Remember those promises we made
In the dark
In the dark

Kiss me
Hold me to your body
If youâ€™ll miss me
Donâ€™t say a word
â€˜cause Iâ€™ll fall apart
Fall apart
Touch me, fold me in your arms
If you love me
Only for a minute
Iâ€™ll fall apart
Fall apart

What joy!
What pain!
I lost my way
And it happened in the dark

Kiss me
Hold me to your body
If youâ€™ll miss me
Donâ€™t say a word
â€˜cause Iâ€™ll fall apart
Fall apart
