Got got a different girl of the week

CHORUS: [Tova]
He likes to see that donky rock in that cage

He loves to watch my body rock on that stage

I already know what he thinks

He thinks hes fly think he got game

But he aint shit to me

He got a different girl every day of the week

Verse 1 [Playalitical]
Roll down your silk sharmouse

don't tell nobody this is our news

And its all in good fun we wont get our hearts bruised

We make smart moves mix good drinks

Smoke good weed wake up late

Watch TV in 1080

See the whole world thru sleepy eyes

Anywhere else ya go you get a geek wit fries

You don't need that you can seek and hide

And ill see to it that you get your weaps and cries

"Playalitical"

2 weeks ago a friend of mine

Told me all I ever do is ease her mind

Now im telling you it aint a freak of nature

For you to put the magic number on a piece of paper

Then maybe later we'll see if you can throw it.

CHORUS: [Tova]
He likes to see that donky rock in that cage

He loves to watch my body rock on that stage

I already know what he thinks

He thinks hes fly think he got game

But he aint shit to me

He got a different girl every day of the week

Verse 3 [Playalitical]
Belly button rings low cut jeans

Putin wigs on pigs we sell dreams

"Playalitical" Im seldom seen
In the club at all im tryin to salvage fiends
Get the bel air painted velvet green
Let it bounce out put it on 2 ton springs
By all felon means
I hope my down fall don't come from balance beams
Shortys so dangerous
We get money off shortys call it angel dust
Drink brass monkey get bank wit us
Put on 9 inch hills get bank wit us
Dance like a freak until ankles bust
Become one wit the poll and get tangled up
Don't look to cute until the money comes out
Thats when you talk sweet give em sugar mouth. BRIDGE: [Sample of the Notorious Big]

Freak
Got a different girl everyday of the week
Freak
Got got a different girl of the week
Freak
Got a different girl everyday of the week
Freak
Got got a different girl of the week Verse 3 [Playalitical]

Now if it don't look right then it don't make rent
And you mite make dollas if you don't get bent
And when your dealin wit me you can throw it for free
Reveal the truth let me see what I see
Now its ok for you to drop it right here
And its ok for you to grind on me
And its ok for you to show to much
Cuz im playalitical and that's how it should be
You look like you got it I already know
Just because you throw it don't mean you a hoe
I wont treat you like so im better than that
I'll watch yo back while you step to the track
We'll step our game up until we touch the clouds
After that I wana see you go up and down
Every street in Las Vegas where they shoot the brown
You know I got a different girl every day of the week. CHORUS: [Tova]
He likes to see that donky rock in that cage
He loves to watch my body rock on that stage
I already know what he thinks
He thinks hes fly think he got game
But he aint shit to me
He got a different girl every day of the week
