

Mangler

White Skull

Deep in the desert is hidden a sun
Only the stars know what it's for
Seven symbols in position crack the code
Egyptians know the score[Chorus]
In the sky The ManglerThe alien found out the way to the earth
Human creatures were easy to rule
But the newcomer God was dangerous and bad
The Stargate must be closed[Chorus]
In the sky The ManglerJust beware the ancient prophecy
When the mangler will be backHieroglyph writting point out the fate
In the next future he will be back
Never try to let this alien come again
This Rha is not the sun
