

# Cross of Babylon

## Savage Messiah

Caught in the crossfire, Sentenced to faith  
Coercive deliverance, A despotic fate  
Shouldering burdens from one to the next  
No hour of penance can lay you to rest  
Forgo saturated establishment lies  
The proliferation of truth they disguise

From out of the darkness of hope it is lost  
In belief you are trapped like the open deceiver  
To be heard you must plead like the weakened disciple's run

On your knees you are taught to beseech you deliverer  
Only time that is lost as the darkness encroaches

Cross of babylon - Burning skies of blackened wisdom

Cross of babylon - Secrecy and mass derision

Cross of babylon - Harbinger imagination

Cross of babylon - Soldier of annihilation  
Forced euphemistic perversion of truth  
Engendered malignance no hope of rebuke

Trapped confrontation, Insidiously

Killing for peace in the land of the free

Judgement abundance, Provoking consent

The failures of greed not the failures of man

In wounds of sorrow, Or pitiless death

Beyond sight of mercy, and bold existence  
In deceit you are sworn like the brutal dictator  
To be seen you must plead to the prejudice seeker's gun

On your feet you are taught to destroy your ideals

Only life that is lost as the darkness approaches

Cross of babylon - Burning skies of blackened wisdom

Cross of babylon - Secrecy and mass derision

Cross of babylon - Harbinger imagination

Cross of babylon - Soldier of annihilation
