Long Road

Mishka

Well I and I are troddin along
A long long road
Yes I and I are troddin along
A long long roadIt's easy to get lost on it
It's winding and it's rocky too
Jah people paid the cost on it child
So to yourself please be honest and trueCause I and I are troddin along
A long long road
Yes I and I are troddin along
A long long roadSome will claim to be your friend
Then leave you just around the bend
Some just live on false pretenses
So Jah Jah children must defend one loveWell slow down for a minute
You might see that you're in it
Slow down for a minute
You might see that you're in it oh it's trueAnd you know that
It's surely got it's ups and downs
So we've seen the smiles and the frowns
Remember that we're homeward bound
Cause the time is coming aroundI and I are troddin along
A long long road
Yes I and I are troddin along
A long long roadSo don't cry for the falling leaves
Don cry for the fallin leaves
Don't cry, Don't cry, Stay rootsCause we keep on troddin
We keep on troddin
We keep on troddin alongYeah we keep on troddin
We keep on troddin
We keep on troddin alongYeah we keep on chantin til we chant down old babylon
yeah yeah we keep on troddin ...
