

Now or Never (Juan Magan Remix)

Emilia de Poret

We've been up
And we've been down
But this time something is telling me
It's different somehow
Like a bell
Ringing in my mind
Telling me to wake up
To what you want
We gonna crash this time And even if I could survive
What's the point without you by my side [Chorus]
I can't shake the feeling now
I got to turn my life around
Cause I can feel it's going down
It's now or never I don't want to think about
All the things that never were
And I don't wanna lose you now
So it's now or never So let me try to make this better now
To fill the space between us
With the words that I never ever said out loud
Tell me how and I'll be something new
Make my heart a blank page
That is useless to anyone but you Cause I never live without
the only thing I ever cared about [Chorus]
I can't shake the feeling now
I got to turn my life around
Cause I can feel it's going down
It's now or never I don't want to think about
All the things that never were
And I don't wanna lose you now
So it's now or never A part of me still believes
when you say you gonna sick around
A part of me still believes
we can find away to work it out
I got to know that we tried everything we could try
before we said goodbye forever [Chorus]
I can't shake the feeling now
I got to turn my life around
Cause I can feel it's going down
It's now or never I don't want to think about

All the things that never were
And I don't wanna lose you now
So it's now or never
