# Big Red Dragon

## Little Green Cars

The sky is red but I can't see the sun
Or the moon
I don't know if there's a storm to comeI'm not gonna wait for an oh my god
I'm not gonna wait for an oh my godDogs are barking there's a ghost in the room
He throws the books off the shelves
Turns the lights off tooPriest is standing there he says he knows my god
Priest is standing there he says he knows my, knows my godBut still it shows
Everybody knows
Who gets left behind
Gets blown away by the wind
And washed away by the tideOoah waah waah waahBeing dead is not as easy as it looks
You know I can't sit still because these pills that I took
The side effects they get the best of my rage
There's a big red dragon coming out of its caveI packed up all my things but then I lost my bag
No matter how much I cry I know I'll never get it back
Sorry girl for taking you for a ride
When I just crashed the car and then I left you, yeah I left you insideBut still it shows
Everybody knows
Who gets left behind
Gets blown away by the wind
And washed away by the tideOoah waah waah waahI'm not gonna wait for an oh my god
I'm not gonna wait for an oh my god
I'm not gonna wait for an oh my god
I'm not gonna wait for an oh my god
I'm not gonna wait for an oh my god
I'm not gonna wait for an oh my god
I'm not gonna wait for an oh my godOoah waah waah waah
