Make It Easy For Me

Wild Orchid

Promise me that if you leave
You won't be coming back again
It hurts to see your face
When you look at me that way
Don't try to take me in your arms
'Cause I don't think that I could find
The strength to let you go
And leave me here alone
I need to break the ties
That keep on breaking my heart
I'm not gonna hang on to
The strings you tore apart
Make it easy for me
If you ever loved me
The hardest thing I'll ever do
Is say goodbye, still loving you
So make it easy for me
If you ever loved me
Turn around and walk away
'Cause we've run out of words to say
You promised me our love would be
A fairy tale that everyone
Would wish for in their dreams
Well, where's my happy ending
Memories play in my mind
Frame by frame, I see it all
And fall before my eyes
How could I have been so blind
I need to break the ties
That keep on breaking my heart
Not gonna hang on to

The strings you tore apart
Make it easy for me
If you ever loved me
The hardest thing I'll ever do
Is say goodbye, still loving you
So make it easy for me
If you ever loved me

Turn around and walk away
'Cause we've run out of words to say
Say you're sorry to me a million times
But that will never ease the pain
That I feel right now inside
You can try and make it better
But no matter what you do
Oh, you took away forever
When you told me we were through
Make it easy for me
If you ever loved me
The hardest thing I'll ever do
Is say goodbye, still loving you
So make it easy for me
If you ever loved me
Turn around and walk away
We've run out of words to say
So make it easy for me
If you ever loved me
The hardest thing I'll ever do
Is say goodbye, still loving you
So make it easy for me
