

# The Love That Carries Me (Demo)

Jonezetta

She found a way to get away from all  
Her stupid little things  
She says, "It's hard to stay away from all"  
The love that carries me  
The love that carries me  
The love that carries me  
Sorry, sorry, but my words mean nothing  
When the chorus dies, does it kill you to be alone?  
So get the town to buy the song they'll play  
As many times as they can  
She'll sing the melody over me  
But baby don't understand  
No, baby don't understand  
The love that carries me  
Sorry, sorry, but my words mean nothing  
When the chorus dies, does it kill you to be alone?  
Now they're never playing, it's so frustrating  
How they play it again and play it again?  
The love that carries me  
The love that carries me  
Sorry, sorry, but my words mean nothing  
When the chorus dies, does it kill you to be alone?  
Sorry, sorry, but my words mean nothing  
When the chorus dies, does it kill you to be alone?  
Kills you to be alone  
Play it out, sing it out, alone again  
Play it out, sing it out, alone again  
(She found a way to get away from all)  
(The love that carries me)  
She'll sing the melody over me  
But baby don't understand
