Love Me or Hate Me

Lil Wayne

Thinking
I been through it all, the fails the falls
I'm like Niagara but I got right back up like Viagra
I am agricultureSwagga so mean it might insult ya
Ha, I'm like an ultra vulture
I fuck around and catapult ya
Torture, thought ya parents taught yaYou guys is chocha I'm gone buenos noches
Flow scorch ya and I don't even write
No author, so harder, so smarter
All about a dollar like four quartersOh father, will tonight be my last
And if so make sure my kids see my cash
And I know I'm silent like an elbow cast
And my future will be better than my past, WeezyYou can love me or hate me
I swear it won't make me or break me
I'm goin' wherever the money take me
Until a funeral awake me
And don't wake me'Cause I'm sleepin', I'm dreamin'
I know that there is a better way
'Cause I've seen it Lord
But this faster money is so convenient
And I need it say I need itC A R T E R
I spit movies like a VCR
I spit rounds like the tiki bar
And if I got beef I'm the meat cleaverAnd I are the illest nigga Martin Luther King died for
And I ride for, Hollygrove one seven Eagle street
And I'm higher than an eagle's feet but I believe in meApple is the car street I am just an offspring
Born in the ghetto that's why I can't let go
One call I have my dawgs on ya like an echo
Baby, I am the real deal no pickleSpit sickle-cell pyscho
I go off like a muthafuckin' rifle
And I'm from the underground baby like a pipe mole
I will stand tall like a light poles until the light blowsAnd you can love me or hate me
Baby, I swear it won't make me or break me
And I'm be goin' wherever the money take me
Until the funeral awake me and don't wake me'Cause I'm sleepin' and I'm dreamin'
See I'm just hustlin' livin' what I believe in, dawg
And it's a problem when my homies not eatin'
And I'm greedy, I'm greedyShare my blood, feed my family
My flow I'll have to plead insanity

So sick I need Grey's Anatomy
Acid like a bust open batteryI'm cool like L.A. nights
I'm tight like ballet tights
Aye Juelz, I swear the otha day I pissed Crystal
These bitches tryna kick it like June TowI gotta watch my head in the battle
I'm just tryin' ta stay ahead of my shadow
And I'm floatin' like a boat in the battle
Alligators and rattle snakes
But I promise I would take a nigga off like a SaturdayGot money to validate, I'm icey like carrot cake
Different color diamonds make me look like a salad plate
I'm straight out the alley way
It's the nigga ya daddy hate
Weezy F baby, greatI know they love me they hate me
But I'm a G it won't make me or break me
And you can find me wherever the money place me
Yeah,until you ridin' to the late me and don't wake me'Cause I'm sleepin' and I'm dreamin'
And me and my Lord got an agreement, y'all
And so I thank him everyday for my achievements
And I'm Weezy, I'm Weezy
