KAMAU

KAMAU]

Good Lord

What you don't say, what you don't

I did it just for you

I did it just for you

I did it just for you

And you just don't care

(YEBO)

All them other dudes by your side

You can let them ride off to the sunset

I'm a sunrise

Why don't you want to collabo-llaborate? (Hey!)

Even though I make mistakes, oh yeah

I'm not a bad guy

I ain't all put together

But if you stick around

You gon' see I'm getting better and

I did it just for you

I did it just for you

I did it just for you

And you just don't care

I did it just for you

I did it just for you

I did it just for you

And you just don't care

Mmm this could be a Cinderella story for a fella

If you let a brother come and spend a minute

With you only got a penny and I got from my loafers

Bet if I got something worth a penny, I can invest and

I'd be the best investment you've ever made

I'm invested but you don't care

It's interesting that you don't care

But you care about some less interesting guys

Those guys are wack (Wack!)

Just bring it back

Bring it back to me cause

Get that drank (Get that drank!)

In your cup (In your cup!)

Sip that drank (Sip that drank!)

Lift it up (Lift it up!)
Point your fingers (Point your fingers!)
At your boo (At your boo!)
Say 'baby I did it' (Baby I did it!)
Just for you (Just for you!)
If you got a minute can you spend it on me? (On me, on me)
Gotta get in 'fore I blow up and I got moneys
Cause you know I'm gon' get it (Gon' get it, gon' get it!)
Yeah, you know I'm gon' get it (Gon' get it, gon' get it!)
Come get it, don't sweat it, celebrate, confetti
Show me love when you're ready
'Til then I'll be chillin'
Speak cause you know I can't read my ions
Can't spend more time unless I [?]
Gotta wait for the stars to realign
You said 'it's all about time'
Girl, I just got signed
Why you gotta be all you, all you?
Soon it's gonna be all me, all me
You gon' see that it's too late and
You gon' say 'I wish we dated'
But I love you so I'm waitin', stop!
Procrastinatin', start appreciatin'
It's not too late
Baby, I did it (Baby, I did it)
Just for you (Just for you)
Baby, I did it (Baby, I did it)
Just for you (Just for you)
Did it, did it (Did it, did it)
Just for you (Just for you)
Did it, did it (Did it, did it)
Just for you (Just for you)
