It's Gone

Lesley Gore

Do you think it's too late
Is it getting too late for getting up
Do you think it's too much
Is it getting too much for letting toDo you think it's too loud
Is it getting too loud for being heard
Do you think it's too high
Is it getting too high for coming downAre you sure
That the light you see is the light you need
Don't ask
How it's going well it's going
It's goneDo you think it's too bright
Is it getting to bright for being seen
Do you think it's too cold
Is it getting too cold for getting warm
