

# Blue Carolina (Demo 1)

## Alkaline Trio

It's everything that I can do right now  
To not think about you moving further off with every passing second  
And every night of this lonely summertime  
I feel you missing from my heart, a part was kidnapped from my soul Well I can hardly wait until I get the sun  
and your lips both pressing on my skin  
Well I can hardly wait until I feel that thrill my heart that starts inside your eyes  
And a song in my head that burns so good on my tongue  
Yes I will, yeah, yeah  
Yes I will The night is aging as the sun warms your face  
Won't you turn around and stay for good, the air is getting much too cold  
I am nervous and anxious, it really counts this time  
And you know all my favorite singers have stolen all of my best lines Well I can hardly wait until I get the sun  
and your lips both pressing on my skin  
Well I can hardly wait until I feel that thrill my heart that starts inside your eyes  
And a song in my head that burns so good on my tongue  
Yes I will, yeah, yeah  
Yes I will, yeah, yeah  
Yes I will
