

Into the Abyss

Amorphis

[Composition: Kallio, Santeri]This long road

Paved with victories

These monuments

Named after heroes

On this spring-like night

When the trees are blooming

I languish upon this road

I perish on the icy path

Who are you

Why have you called me here

(And the wind steals the sound)

And this long road

Where are you leading me

(And the snow erases the tracks)It leads the way

Tireless through the dusk

Forces me to carry on

Flowers wither... lights and stars go out

I blindly fall down

Into the abyss of sleep and deathWhy I'm the one

The chose one... When I'm no one

I strain to, to hear the call

But the wind steals the sound

I strive to, to keep on trail

And the snow erases the tracks
