

Miss Me With That

Mary J Blige

Verse 1:

I heard'em all... All the lies,
Lost count right around a thousand times,
But here it comes another lie
(Whoa oh whoa ohhh..)
You lost your phone, It slipped your mind,
Promised the last time was the last time,
Already know what you gon' say so, say save it...
Don't waste your breath

Chorus:

Miss me with that, I'm sick yo' ass
The only part of you I wanna see is ur back,
Miss me with that, Save it for the next one
Spare me the headache, Cuz I just got over one
You better ask somebody about me...
(Boy you keep on tellin lies, you'll be lying without me)
I know just what yo' ass gon' say, So save it...
(yeah, yeah) Miss me with that

Verse 2:

Are u hearing me
Look in my eyes
I ain't got it in me, anymore, to fight...no
I'm over this, This wasted time
(Whoa oh whoa ohhh)
Your car broke down, Your working late
Or maybe today, was just an unlucky day
Already know what u gon' say, So save it
Don't waste your breathe

{ Chorus x1 }

Bridge: (Corrected)

I bet you think that you been getting over on me,
But I'm shaking my head like please,
Don't care what you believe, You ain't fooling me,
Don't know why but I still love you, wanna trust you,
But I caaaant So whatever you are about to say.. Boy
Chorus till fade
