Threatened

Living Sacrifice

Do what you want to do
Say what you want to say to me
I know what you'd like to think of meThis is not real, it can't be real
This thing I feel, you're threatened
You're threatened, how can I not hate you?
Hate you, how can I not be free? Be freeI know deep down inside
How God reveals Himself
I know deep down inside
To know Him I must kill prideWhy do you care so much for me?
What's in this for you?
Why can't selfishness rule you?
Like everybody elseLet go pride, let go pride
Cannot deny, cannot deny
This thing I feel, I feel insideI know deep down inside
How God reveals Himself
I know deep down inside
To know Him I must kill prideI know deep down inside
How God reveals Himself
I know deep down inside
To know Him I must kill prideI know deep down inside
How God reveals Himself
I know deep down inside
To know Him I must kill prideI know deep down inside
How God reveals Himself
I know deep down inside
To know Him I must kill prideI know how God, I know how God
I know, to know Him I must kill pride
