Threatened

Living Sacrifice

Do what you want to do

Say what you want to say to me

I know what you'd like to think of meThis is not real, it can't be real This thing I feel, you're threatened

You're threatened, how can I not hate you?

Hate you, how can I not be free? Be freeI know deep down inside

How God reveals Himself

I know deep down inside

To know Him I must kill prideWhy do you care so much for me?

What's in this for you?

Why can't selfishness rule you?

Like everybody elseLet go pride, let go pride

Cannot deny, cannot deny

This thing I feel, I feel insideI know deep down inside

How God reveals Himself

I know deep down inside

To know Him I must kill prideI know deep down inside

How God reveals Himself

I know deep down inside

To know Him I must kill prideI know deep down inside

How God reveals Himself

I know deep down inside

To know Him I must kill prideI know deep down inside

How God reveals Himself

I know deep down inside

To know Him I must kill prideI know how God, I know how God I know, to know Him I must kill pride
