

# There Is a God

## The Detroit Experiment

Try and put your arms around the 100 year old tree

Climb up on a horse and let him run full speed

Take a look out at the world from 30,000 feet

On your next flight

Watch a flock of birds against the morning sun

Close your eyes and listen to the river run

Catch a firefly in your hand or a raindrop on your tongue

That's right

There is a God

There is a God

There is a God

How much proof do you need?

Plant a seed and see what comes out of the ground

Find the heartbeat on your baby's ultrasound

In a few years hear him laughing

And don't it sound like a song?

Stop and think about what you don't understand

Things like life and love and how the world began

Hear the doctor say he can't explain it

But the cancer is gone

There is a God

There is a God

There is a God

How much proof do you need?

Science says it's all just circumstance

Like this whole world's just an accident

But if you want to shoot that theory down

Look around, just look around

There is a God

There is a God

There is a God

How much proof do you need?

Oh there is a God

There is a God

There is a God

How much proof do you need?
