

# Capitalism

## Spongehead

There's nothing wrong with capitalism  
There's nothing wrong with free enterprise  
Don't try to make me feel guilty  
I'm so tired of hearing you cry There's nothing wrong with making some profit  
If you ask, I'll say it's just fine  
There's nothing wrong with wanting to live nice  
So tired of hearing you whine About the revolution, bringing down the rich  
When was the last time you dug a ditch, baby If it ain't one thing, then it's the other  
Any cause that crosses your path  
Your heart bleeds for anyone's brother  
I've got to tell you, you're a pain in the ass You criticize with plenty of vigor  
You rationalize everything that you do  
With catchy phrases and heavy quotations  
And everybody is crazy but you You're just a middle class, socialist brat  
From a suburban family and you never really had to work  
And now you tell me that we've got to get back  
To the struggling masses, whoever they are You talk, talk, talk about suffering and pain  
Your mouth is bigger than your entire brain  
What the hell do you know about suffering and pain? There's nothing wrong with capitalism  
There's nothing wrong with free enterprise  
Don't try to make me feel guilty  
I'm so tired of hearing you cry There's nothing wrong with making some profit  
If you ask I'll say it's just fine  
There's nothing wrong with wanting to live nice  
So tired of hearing you whine You're just a middle class, socialist brat  
From a suburban family and you never really had to work  
And now you tell me that we've got to get back  
To the struggling masses, whoever they are You talk, talk, talk about suffering and pain  
Your mouth is bigger than your entire brain There's nothing wrong with capitalism  
There's nothing wrong with capitalism  
There's nothing wrong with capitalism  
There's nothing wrong with capitalism
