

# I Am a Ghost

## Red Fang

I'm alive now, I'm awake  
Cry your eyes out, while I escape  
I'm alive now, but I lie  
I can fly now, I take your wings Gonna hang you out to dry  
Gonna hang you out to dry  
Gonna make you wish you died  
I am the way out See the stars shine through the quake  
Grind your eyes out to your grave  
I'm alive now, I'm inside  
Cry your eyes out, this is no place Gonna hang you out to dry  
Gonna hang you out to dry  
Gonna make you wish you died I am a ghost I don't have a home  
Climbing down a hole  
Someone you used to know  
is dying everywhere I am a ghost  
I am a ghost Gonna hang you out to dry  
Gonna hang you out to dry  
Gonna make you wish you died  
I am a gun
