

# Calm Your Eyes (Acoustic)

## The Away Days

Just calm your eyes  
It's from your feelings  
Just calm your eyes  
Calm your eyes  
I wonder where your love has gone  
I wonder where your love has gone Just calm your eyes  
It's from your feelings  
Calm your eyes  
Calm your eyes  
I wonder where your love has gone  
I wonder where your love has gone All these feelings you've followed  
All these feelings you've followed  
It's all gone  
It's all gone  
Hear your love, it won't be alone  
It will heat the sun  
He'll ride alone Just calm your eyes  
It's from your feelings  
Just calm your eyes  
Calm your eyes  
I wonder where your love has gone  
I wonder where your love has gone Just calm your eyes  
It's from your feelings  
Calm your eyes  
Calm your eyes  
I wonder where your love has gone  
I wonder where your love has gone  
Lean,  
It's all that we could follow  
It's all that we would follow  
It's all that we will come and see Hear your love, it won't be alone  
It will heat the sun  
He'll ride alone, ride alone Hear your love, it won't be alone  
It will heat the sun  
He'll ride alone, ride alone Hear your love, it won't be alone  
It will heat the sun  
He'll ride alone, ride alone
