

I Heart You (Ukulele Version)

Daniel Padilla

I'm looking at sun;
You're looking at the moon.
The different sides of me and you
I look into your eyes;
I realize it's true.
The feelings there,
Can you see it too? Don't try to play around, girl
Just let it happen
Cause I heart you [Chorus]
I H-E-A-R-T, Y-O-U
Believe me, baby
It's the truth
I H-E-A-R-T, Y-O-U
Don't look no further,
I got you. My heart is beating fast,
I'm feeling kind of new
And it all started,
When I first met you
Some times that passes by,
I hope you got the clue
If this was Pokemon,
I choose you I can't escape the feeling
So I let it happen,
Cause I heart you [Chorus]
I H-E-A-R-T, Y-O-U
Believe me, baby
It's the truth
I H-E-A-R-T, Y-O-U
Don't look no further,
I got you. I got you, whoa oh, I got you
I got you, whoa oh, I got you [Chorus]
I H-E-A-R-T, Y-O-U
Believe me, baby
It's the truth?
I H-E-A-R-T, Y-O-U
Don't look no further,
I got you.
