

# To Become Like Him

## Jenny Phillips

You look around you  
And you wonder  
If you'll ever measure up  
In this world it seems  
You may never be enough  
Don't let anyone  
Convince you that it's true  
So much beauty  
Lives inside of you  
You are enough  
Just look up

Remember you are greatest  
When you walk with God  
When his light is in your eyes  
You are truly strong  
You don't have to prove your beauty  
In the eyes of men  
You are divine within  
You were sent here to become like him

When your uncertain  
Of a place you hold in who you are inside  
He will share with you  
Your part in his design  
Seek for his meakness  
Seek to emulate his light  
And you will feel him  
Always by your side  
You have his love  
Just look up

Remember you are greatest  
When you walk with God  
When his light is in your eyes  
You are truly strong  
You don't have to prove your beauty  
In the eyes of men  
You are divine within

You were sent here to become like him

Holiness  
Love  
Good works  
Mercy  
To be like him

Charity  
Hope  
Truth  
And Wisdom  
To be like him

Remember you are greatest  
When you walk with God  
When his light is in your eyes  
You are truly strong  
You don't have to prove your beauty  
In the eyes of men  
You are divine within  
You were sent here to become like him  
You were sent here to become like him
