

# Jude Law and a Semester Abroad (acoustic)

## Brand New

Whatever poisons in this bottle  
will leave me broken sore and stiff  
When it's the genie at the bottom who I'm sucking at,  
he owes me one last wish  
So here's a present to let you know I still exist  
I hope the next boy that you kiss has something terribly contagious on his lips But I got a plan (I got a plan)  
To drink for forty days and forty nights  
A sip for every second-hand tick  
And every time you fed the line,  
"you mean so much to me"  
I'm without you Tell all the English boys you meet  
about the American boy back in the states  
The American boy you used to date  
who would do anything you say  
Tell all the English boys you meet  
about the American boy back in the states  
The American boy you used to date  
who would do anything you say And even if her plane crashes tonight  
she'll find some way to disappoint me,  
by not burning in the wreckage,  
or drowning at the bottom of the sea  
Jess, I still taste you, and thus reserve my right to hate you  
And all this empty space that you create  
does nothing for my flawless sense of style  
It's 8:45(it's 8:45), the weather is getting better by the hour(rains all the time)  
I hope it rains there all the time  
And if you ever said you miss me then don't say you never lied  
I'm without you Tell all the English boys you meet  
about the American boy back in the states  
The American boy you used to date  
who would do anything you say  
Tell all the English boys you meet  
about the American boy back in the states  
The American boy you used to date  
who would do anything you say,  
who would do anything you say Never gonna get it right, you're never gonna get it(15x) O.k no more songs  
about you. After this one I am done. You're gone.[repeat until end] Tell all the English boys you meet  
about the American boy back in the states  
The American boy you used to date

who would do anything you say  
Tell all the English boys you meet  
about the American boy back in the states  
The American boy you used to date  
who would do anything you say
