Hi

Hannah Diamond

Sometimes it feels like, your simply looking right through me
Do you think that's just the way it is, I'll never know
Baby, I wish that we could just meet at a party,
I think we could have great chemistry, if you notice me
I can imagine, you looking deep into my eyes
I know that your on the other side, and now I'm dreaming
Tell me you know me, And that you miss me already
Baby, are you with me, is it real? I don't knowI don't want to be alone in my bedroom,
Writing messages you won't read
I don't want to be alone in my bedroom,
On the internet, waiting to say, HiSo, I see you looking right at me,
Do I look like someone that you know, I'll never know
Feels like I know you, but all I have is your picture,
But I think that you look pretty good, you know you do
Feels like I miss you, But is it really the real you?
You say "Your as real as it gets", What do you mean?
Tell me a secret, or something only that you know,
I just need to know a little more, about youI don't want to be alone in my bedroom,
Writing messages you won't read
I don't want to be alone in my bedroom,
On the internet, waiting to say, HiWishing, watching, waiting, for you
Wishing, watching, waiting, Hi
I don't want to be alone in my bedroom,I don't want to be alone in my bedroom,
Writing messages you won't read
I don't want to be alone in my bedroom,
On the internet, wasting timeI don't want to be alone in my bedroom,
Writing messages you won't read
I don't want to be alone in my bedroom,
On the internet, waiting to say"Hi! Oh my god, it's so good to see you!"
