

# Hi

## Hannah Diamond

Sometimes it feels like, your simply looking right through me  
Do you think that's just the way it is, I'll never know  
Baby, I wish that we could just meet at a party,  
I think we could have great chemistry, if you notice me  
I can imagine, you looking deep into my eyes  
I know that your on the other side, and now I'm dreaming  
Tell me you know me, And that you miss me already  
Baby, are you with me, is it real? I don't knowI don't want to be alone in my bedroom,  
Writing messages you won't read  
I don't want to be alone in my bedroom,  
On the internet, waiting to say, HiSo, I see you looking right at me,  
Do I look like someone that you know, I'll never know  
Feels like I know you, but all I have is your picture,  
But I think that you look pretty good, you know you do  
Feels like I miss you, But is it really the real you?  
You say "Your as real as it gets", What do you mean?  
Tell me a secret, or something only that you know,  
I just need to know a little more, about youI don't want to be alone in my bedroom,  
Writing messages you won't read  
I don't want to be alone in my bedroom,  
On the internet, waiting to say, HiWishing, watching, waiting, for you  
Wishing, watching, waiting, Hi  
I don't want to be alone in my bedroom,I don't want to be alone in my bedroom,  
Writing messages you won't read  
I don't want to be alone in my bedroom,  
On the internet, wasting timeI don't want to be alone in my bedroom,  
Writing messages you won't read  
I don't want to be alone in my bedroom,  
On the internet, waiting to say"Hi! Oh my god, it's so good to see you!"
