Layla

Spirit Of Rock

Once more the pain is thrown my way
Can't she stay away
Every single time
She's fucking with my mind
Built up all this rage
I'm trapped inside some cage
While she sits and smiles
Layla
Layla
Once more [incomprehensible] face
Why am I the one to blame
Every single time
She's screwing up my mind
A pest in a locked up cage
In your life born and aged
Why can't I stand up and just say "good bye"
Layla
Layla
Pain and rage and fear I feel
Pain and rage and fear I feel
Pain and rage and fear I feel
Pain and rage and fear I feel
Pain and rage and fear I feel
Pain and rage and fear I feel

Pain and rage and fear I feel
Pain and rage
Once more pain is thrown my way
Can't she stay away
Every single time
She's fucking with my mind
Built up all this rage
Trapped inside some cage
Life's not meant this way!
Layla
Layla
Inside I'm afraid
Afraid of who I am
Can't you even feel?

You've taken who I am
I have fought to find a way
I am afraid
To feel who I am
Fuck!
Layla
Layla
That's why I cry
This lie I drown
