

The Heart from Your Hate

Trivium

What will it take?

What will it take?

To rip the heart from your hateIt's easy to be right when everything repeats

It's easier to cut us down and point at our defeat

It's easy to be right when everything repeats

Dig below the surface find your insecuritiesTell me

Maybe you were right, maybe I was wrong

But I've been silent for far too long

Maybe you were right, maybe I should go

But I've been silent for far too long

What will it take to rip the heart from your hate?

What will it take? What will it take?

To rip the heart from your hate (hate)

To rip the heart from your hate (hate)

To rip the heart from your hateYou always walk away, soon you'll have to face it

Your distance from reality won't bury or erase it

I tried to do the same, living so complacent

But the problems wouldn't go away, so I turned around to face themTell me

Maybe you were right, maybe I was wrong

But I've been silent for far too long

Maybe you were right, maybe I should go

But I've been silent for far too longWhat will it take to rip the heart from your hate?

What will it take? What will it take?

To rip the heart from your hate (hate)

Maybe you were right, maybe I was wrong

But I've been silent for far too longWhat will it take to rip the heart from your hate?

What will it take? What will it take?

To rip the heart from your hate

What will it take to rip the heart from your hate? (oh oh oh oh oh)

What will it take? What will it take?

To rip the heart from your hate (hate)

To rip the heart from your hate (hate)

To rip the heart from your hate
