

Have a Drink

Brown Floyd

Bottle of wine makes me feel fine
I said baby have a drink on me
been out all night feelin all right
I said baby have a drink on me - have a drink on me Sun in the sky and moon at night
I said baby have a drink on me
Hammer in hand Rock and Roll Band
I said baby have a drink on me - have a drink on me and it's in your head your sleeping on the bed
I said baby don't worry me I said baby let it be Red bottle of wine drinking all the time
I said baby have a drink on me
blond hair down to her legs long legs got such
nice pegs I said baby have a drink on me
have a drink on me rock n roll band!
