Ta tada tada, ta tada tada
Ta tada tada, ta tada tada
Ta tada tada, ta tada tada
Ta tada tada, ta tada tada Got a green light, gotta green light, yeah
But I'm goin' nowhere
Gotta green light, gotta red light, yeah
No cop, no stop, I don't care
Everyone of you could be the same
Everyone of you could play the game
Gotta green light, gotta green light, yeah
But you goin' nowhere You know the best things in life, aren't for me
You know the best things in life, aren't for free Gotta new life, gotta new plight, yeah
And it's goin' nowhere
Gotta a mountaintop like a pin drop, yeah
No God, no thought, I don't care
Everyone of you could be the same
Everyone of you can play this game
Gotta new life, gotta new plight, yeah
And it's goin' nowhere You know the best things in life aren't for me
You know the best things in life aren't for free Gotta new find, gotta new crime, yeah
And its goin' nowhere
Like a global path, like a car crash, yeah
No cop, no stop, he don't care
Everyone of you are just the same
Everyone of you will play this game
Gotta new find, gotta new crime, yeah
And it's goin' nowhere You know the best things in life aren't for me
You know the best things in life aren't for free You know the best things in life aren't for me
You know the best things in life aren't for free You know the best things in life aren't for me
You know the best things in life aren't for free You know the best things in life aren't for me
You know the best things in life aren't for free
