

Nothing On

Tank

We need a camera crew
Cuz I'm 'bout to get you loose
I'm 'bout to make ya yell
Like somethin' was wrong wit'chu
Undo your ponytail
Let all that fall down
Told you I'm gon' be there
To beat it all down No use for you to rush perfection
Just make sure when I get there you're naked
No use for you to rush perfection
Just make sure when I get there you're naked
Don't have nothing on
(Aahhhhhhhh)
Don't have nothing on
(Aahhhhhhhh)
I want to see what I came for
Soon as I hit the door
Don't have nothing on
(Aahhhhhhhh) I'm on your block right now
I'm 'bout to chop you down
Hope you got plenty towels
Cuz I'm 'bout to soak you out
You look so good to me
Don't even need the sheet
I want to see it all
Your body's a masterpiece
No use for you to rush perfection
Just make sure when I get there you're naked
No use for you to rush perfection
Just make sure when I get there you're naked Don't have nothing on
(Aahhhhhhhh)
Don't have nothing on
(Aahhhhhhhh)
I want to see what I came for
Soon as I hit the door
Don't have nothing on
(Aahhhhhhhh) 'Cuz I just wanna see
See
Every part of your pretty body, baby

Alright
Don't keep a real one waiting
Waiting
You don't do it I'ma have to do it myself
YeahhhDon't have nothing on
(Aahhhhhhhh)
Don't have nothing on
(Aahhhhhhhh)
I want to see what I came for
Soon as I hit the door
Don't have nothing onI wanna see what God gave ya
Ohhhh when I see you
I'ma take my time and
Lay that thing down the right way
Oh Ho
That's just how that shit should be
Should feel like that, yeah
