

# Take Me Back

## Brick & Lace

uuuuh..Baby yeah..ladadadaTake me back to the place where we were free  
Didn't have a care in the world you see  
All that really matter was  
You and meTime stood still the world was frozen  
A pretty pictured love was sculpted  
Best friends and lovers till eternity  
You and meBut now the seasons changing  
Everythings been rearranging and  
now your kisses seem so cold  
To busy to do the things we use to  
It ain't the same anymoreTake me back (ooh)  
Take me back to where it was good (ooh)  
Take me back to where love was new (oooh oooh)  
Take me back (ooh)  
'Cause I know things haven't been the way that they should (ooh)  
But I know if you try than baby you could (oooh oooh)  
Take me backLet's relive this special moment  
The moments that we took for granted  
They way you held my face in your hands (ooo)  
Caught in amazing love so true  
Never thought that I'd loose you  
Baby what am I to do (dooh)But now the seasons changing  
Everythings been rearranging and  
your touches seem so cold  
To busy to do the things we use to  
It ain't the same anymoreTake me back (ooh)  
Take me back to where it was good (ooh)  
Take me back to where love was new (oooh oooh)  
Take me back (ooh)  
'Cause I know things haven't been the way that they should (ooh)  
But I know if you try than baby you could (oooh oooh)  
Take me back (Take me back..yeahhh)Baby we can't deny  
What we had it was right for so long  
(Where did we go wrong)  
So let's try to replay all these magical days  
'Cause we've been trough the grey cancel stormclouds awayTake me back (ooh)  
Take me back to where it was good (ooh)  
Take me back to where love was new (oooh oooh)  
Take me back (ooh)

'Cause I know things haven't been the way that they should (ooh)  
But I know if you try than baby you could (oooh oooh)  
Take me back (Take me back baby)Take me back (ooh)  
Take me back to where it was good (ooh)  
Take me back to where love was new (oooh oooh)  
Take me back
