cameras

The Whiskers

Can I take a picture and ask for the permission?
And y'all don't really have to homie it's your decison.
So nervous, showin your friends is the only purpose

And you just wanted somethin that would make it all worth it.
Well here's a picket(?) I would gladly oblige you see me rub a bar insult(in salt) a scheme you had to devise.
And I say baby you fine, had some things on my mind
