I Just Want To Fool Around

Baha Men

I gotta little question but I'm scared to ask you
(Hey, ho, say yeah, but don't say no)
I can't stand rejection but I got to know to
(Hey, ho, I just know what I know)
You and me could be so good together
We could love beyond forever
I don't wanna steel a kiss
But I can't resist I never felt like this
I don't wanna try to make you hang with me
I don't wanna, tell a lie
I'm in love with you and I can't deny
I just wanna fool around
I'll take you to the movies or I'll take you to the stars
(Hey, ho, say, yeah, but don't say no)
Please don't get me wrong, I'll never go to far
(Hey, ho, I just know what I know)
You and me could have a real good time, girl
We don't have to change the world
I don't wanna steel a kiss
But I can't resist I never felt like this
I don't wanna try to make you hang with me
I don't wanna tell a lie
I'm in love with you and I can't deny
I just wanna fool around
All I wanna do is see you
Hold you tight and never leave you
And so I'm gonna keep on dreaming
If you say yes, I'll start believing
It's true, it's true, I love only you
It's all good, it's all good
It's all good, it's all good
Hey, ho, it's all good, it's all good
Babe, I just wanna fool around
So, girl, can you tell me if we can be down
Just wanna know ya, show you what love's about
Kiss your lips if I can or just take you out
To the beach on the island just hanging out
Watching the waves hit the sand, I know will turn you out
Having fun with only you is what it's all about

Don't wanna see you cry, just tryin' a make you smile
So why don't you give your digits, babe I can dial
I wanna love you, hug you, hold you, touch you
Squeeze and tease like a summer breeze ya
(Hey ho, say yeah, but don't say no)
If you believe in love and sweet emotion
I promise you all my devotion
I don't wanna steel a kiss
And just can't resist, I never felt like this
I don't wanna try to make you hang with me
I don't wanna tell a lie
I'm in love with you and I can't deny
I just wanna fool around
I don't wanna steel a kiss
I just like the way that you move your hips
I don't wanna sing another do ray me
I don't wanna hold you tight
But I wouldn't mind if we danced all night
I just wanna, just wanna
Just wanna fool around
I don't wanna paint your house
But I swear the cat is gonna catch the mouse
I don't wanna decorate your Christmas tree
I don't wanna change the rules
But if you change your mind then the change is cool
I just wanna, just wanna
Just wanna fool around
(I don't wanna)
I just wanna fool around
(I don't wanna)
I don't wanna
(I don't wanna)
Tell a lie, I'm in love with you and I can't deny
I just wanna fool around
