Recommendation

Little Dragon

Flourished and sprayed with perfume
So sweetened, you're doomed for a well garnished life
Flourished and sprayed with perfume
So sweetened, you're doomed for a well garnished tomb nowTextiles with textures caressing your skin
Woman so primitive looking content
Pout your lips, you're such a bird
Dont utter a wordDont wrinkle your forehead
Dont even think recommendation from a magazine
Pout your lips, you're such a bird
Dont utter a wordFlourished and sprayed with perfume
So sweetened, you're doomed for a well garnished life
Flourished and sprayed with perfume
So sweetened, you're doomed for a well garnished tomb nowFlourished and sprayed with perfume
So sweetened, you're doomed for a well garnished life
Flourished and sprayed with perfume
So sweetened, you're doomed for a well garnished tomb nowRecommended
Puddle clip claps in healthy cells
And glittering skin such an atomic bomb
When she steps it inWhat an ideal
To make you proud lick her face
And tell her wow pout her lips, shes such a bird
Dont utter a wordIts a recommendation
