

Mummy Dust

Ghost

I was carried on a wolf's back
To corrupt humanity
I will pummel it with opulence
With corpulence and greed
In God you trustMy mummy dust (dust)
My mummy dust (dust)Your cavalier of crapulence
To this feast of rapacity
I will bury you in treasures
Just to feed your incapacity
In God you trustMy mummy dust (dust)
My mummy dustIn God you trust
My mummy dust (dust)
My mummy dustYou are the possessÃ©e of avarice
I am the ruler of the earth
I will smother you in riches
Until you choke on sordid mirthYou are summoned in cupidity
Purulence and lust
I am the magnet for stupidity
And divine you feel my thrust
In god you trustMy mummy dust (dust)
My mummy dustIn God you trust
My mummy dust (dust)
In God we trust
My mummy dust
In God we trust
My mummy dust
In God we trustMy mummy dust
