Why Can't We

[Urban Mystic](#)

What's happening shawty
Looks like everybody else is falling in love
Why can't we?If we both work really hard
And we open up our hearts
The biggest part is communication
And if we put away some cash
Don't go dippin in the stash
Some day we're gonna make it
A view of the stars
A pool in the yard
A two car garage
It got hard but for something we can call ours
I would gladly go that extra mile
()
What makes a man take a second job
To buy a wedding ring
Love only ...
Love makes a girl suffer labor pains in delivery
Love only LOVE
And a new born child is the answer to our dream
Seems like everybody's falling, why can't we?(2)
And for being such a man
Gonna take you by the hand
'Cause I know it's what relieves the tension
So lay back and relax your head
Let me make it up in bed
I wanna be your relaxation
'Cause he works so hard
So we can live large
And I lay the card
I'm so fond on how I can charge it to my card
For me he'll always go the extra mile

Seems like everybody's falling, why can't we?(Bridge)
So why don't we take a day out
And dedicate it to celebrate our love (uh huh)
So proud that we held up ... congratulations
'Cause I'm so much in love
So from this day forward
When we talk about love
And get any dictionary there's a picture of us
Laughing and happy that we went that extra mile()
