The Kids Are Insane

Urge Overkill

Get off of my back, you're a drag and I'm ridin' alone
I said, Get down tread on your own wheelPeople, they surround you like a tube of used glue
Always telling you what you can't do
They will never know the way that you feel
So whatcha gonna do about it now?You wanna get your hands on a piece of the pie
You'll never get answered when you're asking why
Watchin' television when I heard somebody say
Your friend is insaneOh! Can you hear me UO?
Yeah? We're jammin' on
Kansas City
(Let's get insane)
Chicago
(Let's get insane)And all the kids in L.A.
New York City, Albuquerque
Toronto, Pittsburgh P.A.
Nobody's going to war the kids are goin' insaneIn this world
(The kids are insane)
Every boy and girl
(The kids are insane)
They can't hold us backYou've gotta live your life by Saturday
Or remain just another American tragedy
Where will you go? What will you do?
Don't you know sometime, you've gotta win the game?
