Rollercoaster

M. Ward

You're like a roller coaster
You got heavy metal wings
You could make a dead man scream
You're like a roller coaster

Roller coaster, we was the best of times
Roller coaster, we was the worst of times too
Because you lift me up so high high high
It's the most unbelievable ride

You're like a roller coaster
You give me heavy metal dreams
You can make a dead man scream
You're like a roller coaster

Roller coaster, can't find my friends on the ground
Just lift me up and send me spiraling down
Because you lift me up so high high high
It's the most unbelievable ride

You're like a roller coaster
Heavy metal wings
Make a dead man scream
Roller coaster
Roller coaster
Roller coaster
