

Almost a Full Moon (Let's Make Some Soup)

Hawksley Workman

Lets make some soup cause the weather is turning cold
Lets stir it together till we are both grey and old
Lets stir it together till it tells us stories of its home
Lets make some soup cause the weather is turning coldPumpkin and parsnip, carrots and turkey bones
Bayleaf and pepper, potatoe and garlic cloves
You stir a moment while I put more wood in the stove
Lets make some soup cause the weather is turning coldThe moons almost full and the candles are burning low
Its almost midnight...(????????????????????)
The light gets reflected on freshly fallen snow
Lets make some soup cause the weather is turning coldWe'll make enough to feed everyone we know
We'll make enough to feed everyone we don't
No one is different, everyone's alone
Lets make some soup cause the weather is turning cold
Let's make some soup because everyone feels the cold
Let's make some soup cause the wather is turning cold
