Stars

Kindred the Family Soul

So many times you could have walked away
But I didn't have to say a word to convince you to stay
'Cause you know it and I know this thing is real
So we continue to learn and our love grows deeper stillEach day I watch you get better at this
Each moment I'm more and more convinced
We trust in love, we took the risk
We ran our own pace, we won our race
And I could never turn awayWe've come so far
Stars look up at you, baby
My heart belongs
Right here next to you, babyIf I had just one wish it would be to stay together
Stay together, let's grow together
It's not much to ask of us, I know we can do it
I always knew itAlways look at me the way you do today
Treat me like a friend, listen to what I say
'Cause, girl, I'm with you, with you all the way
And I would never turn awayWe've come so far
Stars look up at you, baby
My heart belongs
Right here next to you, babyWe've come so far
Stars look up at you, baby
My heart belongs
Right here next to you, babyAlways comfort me the same way you do today
Treat me like a friend, listen to what I say, say
Oh yeah, I could never turn away, noWe've come so far
Stars look up at you, baby
My heart belongs
Right here next to you, babyWe've come so far
Stars look up at you, baby
My heart belongs
Right here next to you, babyWe've come so far
Stars look up at you, baby
My heart belongs
Right here next to you, baby
