

Countdown

Yeah Yeah Yeahs

Trailer red like the sea
Well I'm the son of a crowded bed
Find your love's gonna count for me
Your love that breathes, breeds
Gonna paste up our damn heads
We're gonna drop, gonna drop, gonna count for me
Your love that breathes, breeds
Your love that's catchin' the breeze
Son of a crowded bed
Son of a cloudy night
We'll find your love's gonna count for me
Your love's gonna count for me
We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown, yeah
Waitin' for a chance to pass
Some ho say, some say, now go
Lookin' for a chance for speed
Well a love that breathes, breeds
High time getting past black
Gonna drop, gonna drop, gonna count for me
Your love that breathes, breeds
Well your love that's catchin' the breeze
Son of a crowded bed
Son of a cloudy night
Find your love's gonna count for me
Your love's gonna count for me
We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown, yeah
